

SAFEWATER 360 - SW360-MA

SAFETY & PROTECTION FOR WATERFRONT FACILITIES

SafeWater 360 is committed to preventing electric shock drowning (ESD) and protecting marina infrastructure and valuable watercraft from hazardous stray electricity in the water. The SW360-MA device continuously monitors for electrical dangers, providing real-time alerts so marinas, community docks, and waterfront facilities can act before problems arise.

PERFECT FOR THESE ENVIRONMENTS

- ✓ **Marinas** (Fresh and Salt water)
- ✓ **HOA Community Docks**
- ✓ **Ports**
- ✓ **Shipyards**
