

## WHO WE ARE

Kawi Energy Group is a trusted leader in program development, energy compliance, engineering, and efficiency solutions.

We simplify complex energy laws, optimize building performance, and support program development to help you achieve your goals.

## HOW WE CAN HELP

Kawi provides expert, cost-effective energy engineering solutions focused on affordability, reliability, and efficiency.

We also offer program support, energy auditing, local law compliance, incentive procurement, system testing, and energy system upgrades backed by a dedicated team ready to assist.

### ▪ Stay Compliant & Avoid Fines

We handle NYC & NJ energy law compliance, audits, and filings – so you don't have to.

### ▪ Cut Costs & Maximize Incentives

Lower energy bills with efficiency upgrades and secure rebates to boost savings.

### ▪ Optimize Building Performance

Improve sustainability, reduce carbon emissions, and future-proof your property.

## OUR SERVICES

### Program Support and Development

We provide support to utility incentive programs to help them develop their program while supporting the implementation and achievement of their savings goals. This is done via staff augmentation, engineering QA/QC, savings tool development, and program documentation services.

### Engineering

- Energy Management & Targeted Audits
- Engineering Design & Consulting
- Energy Auditing, Technical Assessments & Compliance Services

#### New York City Compliance

- Local Law 84/133 Compliance
- Local Law 87 Compliance
- Local Law 97 Compliance
- Local Law 88 Compliance

#### New Jersey Compliance

- New Jersey Energy & Water Benchmarking Law

### Direct Install Projects

- Steam Trap Replacement
- EV Charger Installation
- Lighting Upgrades & Retrofits

### Incentives & Rebates Procurement

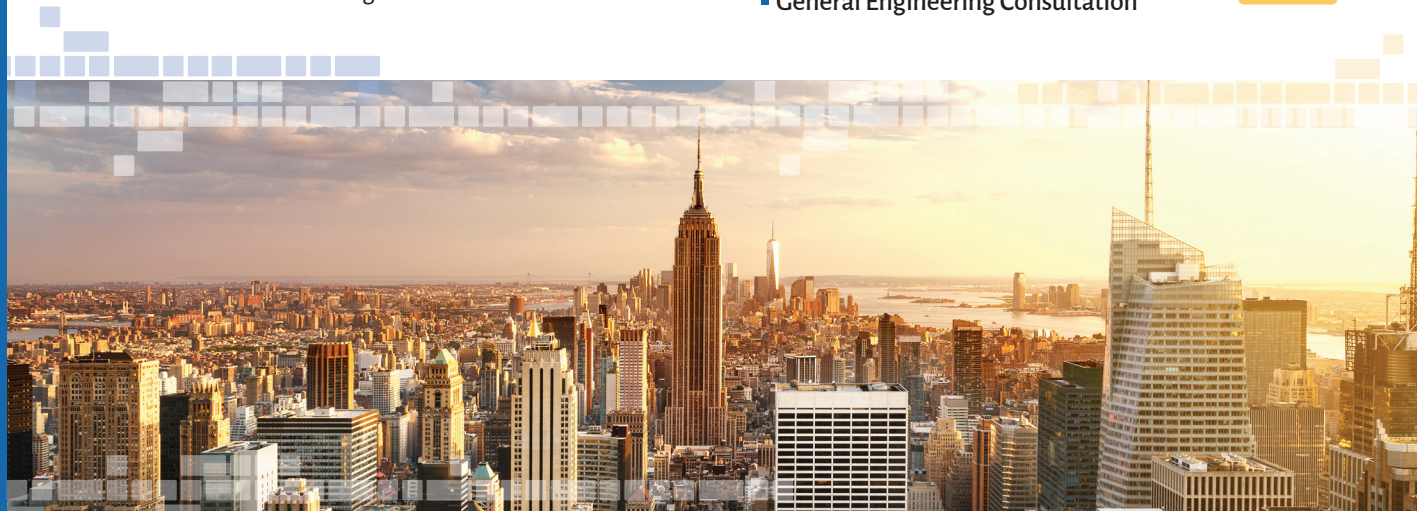

We help clients navigate and maximize savings through various incentive programs, including:

- ConEdison's Small Biz Program (formerly SMB Program)
- ConEdison's Multifamily Energy Efficiency Program (MFEPP)
- ConEdison's Clean Heat Program
- ConEdison's Commercial & Industrial (C&I) Incentives
- NJ Clean Energy Program
- NYSEDA - PONs (FlexTech, OsEM, etc.)
- EV Charging Station Rebates

### Additional Services

- Workforce Development & Training
- HVAC Load Calculations
- General Engineering Consultation

## WHY CHOOSE US?

### Value Proposition

We collaborate with you to unlock your assets' full energy savings potential and maximize financial returns through available incentives.

### Consulting Expertise

With deep expertise in energy efficiency, we provide comprehensive guidance, evaluating your asset from multiple perspectives to tackle diverse challenges.

### Credentialed Team

Our team includes licensed professionals – PEs, CEMs, CEAs, EITs, CBCPs, OSHA 30s, GPROs, CALTs, ChargePoint, and Commissioning. We stay ahead through continuous learning and acquiring additional credentials.

### MBE Certified

We proudly hold MBE certifications with NYC, NJ/NY Port Authority, and NJ, underscoring our commitment to diversity and inclusion within the industry.

Let us guide you to  
a sustainable future.
