For the Life of Your Business

Corporate Profile

BH Security incorporated in 1979 to provide security and life safety solutions to the Metro New York area. Since its inception the company has developed a reputation for professionalism and reliability. Today BH Security has expanded throughout the continental United States through offices and national partners.

The BH Security Team is equipped with the expertise and resources to meet your security and life safety needs. Working in concert to protect you: customer service, sales, engineering, and administrative staff provide the framework so installation and repair technicians can satisfy customers 24 hours a day - 7 days a week.

BH Security is UL Listed, an Americans with Disabilities Act approved contractor, a DEA Approved contractor, a Factory Mutual Insurance Company approved vendor, and a Jewelers Mutual Insurance Company approved vendor. With a broad range of services, customers include many key industries and markets:

- Property Management
- Hospitality & Gaming
- Corporate Offices (Fortune 500)
- Warehouses
- Hospitals
- Government & Military
- Banks
- Retail Stores

Regionally BH Security has 25+ radio-dispatched trucks to provide installations, inspections, service, repairs and 24-hour emergency response. BH Security always has a technician on call who can respond quickly by telephone to solve most service problems. On-site service is provided through dispatch of a bonded and uniformed technician day, night, weekends or holidays for emergency repairs with the right parts from our extensive inventory.

PROVIDING PEACE OF MIND

...through comprehensive security and life safety solutions!
