REFINISHING SERVICES

About Us

Central Wholesalers is a leading supplier of maintenance and repair products serving the multifamily industry with nine locations in the Mid-Atlantic and Northeast Region. Central was founded over 30 years ago on the principles of providing excellent service coupled with competitive pricing, experienced sales staff, corporate partner programs, quality products and unparalleled services. Central Wholesalers understands that each community is different and we specialize in working with our customers to achieve their goals.

You've trusted us for your maintenance repair products; now trust us for your refinishing needs.

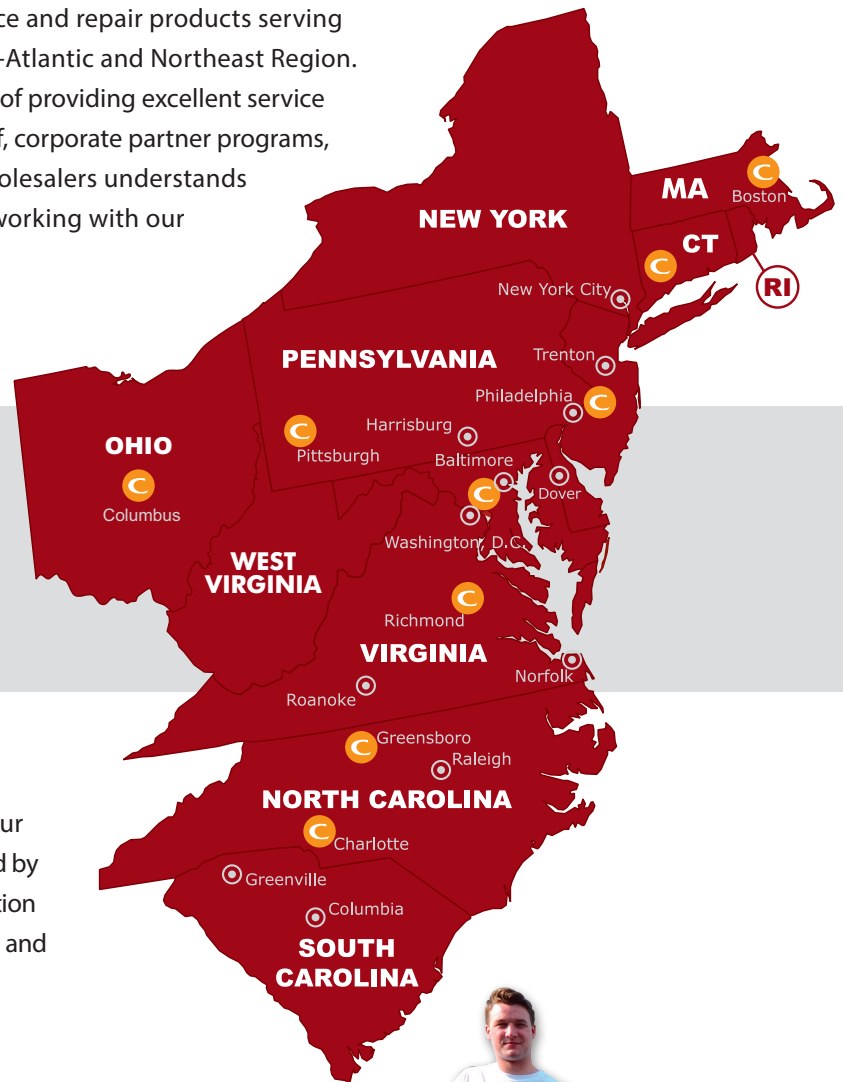

DON'T REPLACE, REFINISH!

Protect your Staff and Tenants

Central Wholesalers is very dedicated to the safety of our customers and employees. All refinishing work is performed by uniformed Central Wholesalers employees with identification credentials. We employ over 100 Refinishing Technicians up and down the East Coast.

Our People

- All newly hired Refinishers are subject to a drug test, criminal background check, reference checks, Department of Transportation (DOT) exam and Respiratory Fit (RFT) exam.
- Our Refinishers are subject to a rigorous training program that gives "hands on" experience with the refinishing process along with education on materials, techniques and policies
- Trainees work alongside Senior Refinishers until their skill level meets our criteria for independent work
- Training meetings are held quarterly by an outside Safety Consultant for Refinishers to review processes, safety and compliance

WE ARE CENTRAL TO YOUR BUSINESS
888.942.9591 | www.cwip.com

Our Products

- We can refinish almost any hard surface including but not limited to: bathtubs, sinks, ceramic tile, concrete, wood, china, metal, stainless steel, grout, plastics, fiberglass, acrylic, laminate and countertops
- Color-matching available
- Stone Fleck colors available for an upgraded, more modern appearance
- Non-toxic glazes are used on every job and keeps moisture out of grout lines which eliminates mold and mildew build-up
- VOC compliant and environmentally friendly finishes
- We also offer wall mount tub accessories, tub walk-thru conversions and scented coatings

*Distinguish **yourself** from your competition while keeping your budget in check!*

Our Process

- Our technicians are required to mask off the entire area and use a ventilation system on every job – this helps eliminate 50% of the odor immediately and eliminates possible overspray
- Refinishing Field Supervisors will visit your property either during or after the project has been completed to ensure quality of our service
- Once job is complete, the Refinisher will leave a door hanger to inform your tenant refinishing work was completed and include maintenance and care instructions
- All SDS (safety data sheets) are available online

**DON'T REPLACE,
REFINISH!**
