- **Emergency response 24/7/365**
- **Competitive energy rates**
- **Professional and reliable customer service**
- **Certified technicians**
- **Best-in-class equipment**
- **Customized energy solutions**

**See how you can make your
POWER MOVE today.**

Electric & Natural Gas

The *POWER* of choice.

Because of deregulation and the unbundling of energy services, you are no longer obligated to purchase your electric and natural gas through utility companies. In choosing your energy supplier, keep in mind that who you use can make all the difference to your bottom line. Supreme Energy works as your partner, protecting both your interests and your budget, making it the ultimate choice for a one-stop full-service energy provider.

Choose experience.

A reliable and trusted energy supplier since 1921, Supreme Energy has been customizing energy solutions for decades.

Choose customer service.

Supreme Energy is one of the largest full-service energy providers along the Eastern seaboard, yet small enough to provide the personalized customer service your business warrants.

- Knowledgeable and dependable energy consultants work with you to customize specific cost-savings plans that meet both your energy needs and financial goals
- Featuring flexible terms and options including fixed, variable or indexed contracts
- Easy enrollment with no power interruptions during the transition: your utility company will continue to manage all service aspects as it pertains to your facility
- Single-billing convenience where available

Choose better prices.

- Supreme Energy will never charge you switching or service fees!
- Wholesale discounts are passed directly down to you
- Depending on your utility service area, you may even be eligible for a sales tax discount on the delivery portion of your bill

For more information or to schedule a **free on-site consultation**, call today.

Fuel Oil & Diesel

The start of something BIG.

It all began over 90 years ago when Supreme Energy was founded as a local supplier of oil and coal. Today, we are still one of the largest fuel oil dealers in the region with an impressive fleet of fully-equipped delivery and service vehicles that cover the needs of commercial clients no matter the size.

Supreme Energy is proud to offer and deliver:

- #2 heating oil
- Diesel fuel for fleet vehicles, trucking and transportation companies
- Diesel fuel for backup or emergency generators, temporary heaters, off-road vehicles, construction equipment and cranes

Benefits of Biofuel:

- Supreme Energy's heating oil and diesel are blended with American made Biofuel
- Burns cleaner and more efficiently, removing deposits that can build up
- Extends the operating life of your heating system and machinery
- Produces fewer harmful emissions during production
- Better for the environment than traditional fuels

Automatic Standby Generators When you can't afford to lose POWER.

Don't second guess Mother Nature! The next time the power goes out, stay on with a permanently-installed, natural gas-powered generator. Supreme Energy is proud to be an authorized dealer of Generac generators.

- Turns on when the power goes out
- Automatic and self-tests, whether you are on-site or not
- Quiet operation
- Keeps your business protected

GENERAC

Authorized Dealer

Installation • Service • Repair

We are here for YOU.

From new installations to routine maintenance and repair, Supreme Energy's certified technicians are trained on the latest equipment to ensure you are always running at maximum efficiency.

Supreme Energy provides service to a variety of commercial customers:

- Apartment buildings
 - Banks
 - Bus and truck companies
 - Chemical companies
 - Colleges and universities
 - Condominium associations
 - Construction sites using off-road vehicles and temporary heating and cooling systems
 - Hospitals
 - Houses of worship
 - Investment properties
 - Laundromats
 - Movie theaters
 - Office buildings
 - Restaurants and food service
 - Shipping / cargo companies
- ...and many more!

Routine work performed:

- Boiler section, burner and hot water coil repair and replacement
- Boiler welding repairs and tube replacement
- Domestic water heaters serviced and installed (oil, gas, direct or indirect fired)
- Heat timers
- HVAC repair and replacement
- Piping and plumbing work associated with heating or hot water system
- Power vacs – annual commercial boiler cleanings
- Steam boiler or hot water boiler repair and replacement for gas, oil or dual fuel

We made the **RIGHT CHOICE.**

"I've been doing business with Supreme Energy for years now. They are reliable and dependable and their commitment to customer service is unmatched."

*Hardik Patel, Owner,
Jersey Farms Food Stores*

"Signing up with Supreme was easy. There were no switching or service fees and no interruption to my service. I don't know why I waited so long to switch."

*Ron Gilchrist, Director of Engineering,
renowned New York City museum*

"Supreme Energy's representatives took the time to understand my business and developed a customized energy solution to meet my specific needs."

*Andrea D'Elia, Purchasing Manager,
Dejana Truck & Utility Equipment*

"I'm glad to have Supreme on my side helping me take control of my energy costs; it's a real competitive advantage for me."

*Julio Reyes, Owner,
Key Food Marketplace*

"Relationships matter in business just as much as getting a great price. With Supreme Energy I know I'm getting both. You don't have to take my word for it—call them up and find out for yourself."

*Donna M. Lachman, CPA, CFO,
Blue Ribbon Restaurants*

"Honesty, Integrity, and Trust— I know I can always expect that from my energy consultant. It is a pleasure doing business with Supreme!"

*Jim Johnston, Owner,
Jim Johnston's Steakhouse*
